

BWI PRIMARY SCHOOL

OUR VISION: MY CUP OVERFLOWS

[Click here for upcoming dates or check your Class Dojo events](#)

UPDATE FROM MRS RODENAS

It has been another exciting week at BWI, with lots to celebrate! We were delighted to welcome our Chair of Governors, Mr Gallup, who met with our new School Council. The children enjoyed sharing all the things they love about BWI and also came up with some excellent suggestions, including having an 'Ideas Box' in each class and a central 'Worries Box' where children can share their ideas and worries.

A huge well done to all the children who took part in our Energy Saving Projects. There were some fantastic ideas and efforts! The winners will be announced in assembly on Monday, when they will also receive their prizes.

Black History Month – Honouring Our Communities

Throughout October, across all of our Ecclesia Partnership schools, we will be celebrating Black History Month. This year, our theme is "Honouring Our Communities", giving our children the opportunity to learn about inspiring Black British people who have made a positive difference to the communities around them.

Our EYFS children will be learning about firefighter Frank Bailey and his role in serving and protecting his community. In KS1, children will explore the life and achievements of Baroness Floella Benjamin, including her work supporting and inspiring children and young people. Our KS2 children will learn about Walter Tull, the Tottenham footballer and British soldier, exploring his sporting achievements, military service and the barriers he overcame.

Throughout the month, children will explore these inspirational figures through a range of cross-curricular activities, including History, PSHE, Art, PE and Drama. Alongside developing their historical knowledge, children will also reflect on important values such as community, courage, service, perseverance and making a difference. We look forward to sharing some of the children's fantastic learning with you.

Have a lovely weekend - Mrs Rodenas

AUTUMN TERM
WEEK 3

How our cup has overflowed this week!

Nursery

We have been talking about the things we like to do in our local area and what we see on our journeys to Nursery. In our PSHE session, we explored different feelings and talked about the things that can make us feel happy, sad, excited or worried. In Maths, we have been learning to use the words 'taller' and 'shorter' to compare different objects.

Adventurers

This week in Reception, we have been exploring different parts of our body in Science and learning about their names. We have also been investigating autumn items and comparing quantities using words such as more, fewer and the same.

Discoverers

During our History lesson, we discussed how and why we celebrate birthdays. We sang the 'Months of the Year' song and then headed into the hall, where we organised ourselves in order of our birthdays. In Maths, we have been learning about 'greater than' and 'less than'.

Explorers

This week in Maths, we have been learning about number bonds to 10 and 20, helping us to quickly recall pairs of numbers that add together to make these totals. In English, we have been publishing our letters to our animal friends about our adventures in Paris (we are the lion), making sure our writing is neat, clear and carefully presented.

Investigators

This week we have been writing our story based on 'Stone Age Boy' in our First of the Month books. In Maths we have been filling in missing numbers and estimating on number lines to 1000. In History we have been looking at artefacts from the Bronze Age and what they might have been used for.

Pathfinders

This week, Year 4 tested their fitness in PE using the AMRAP (As Many Reps/Rounds As Possible) method. In Science, they used their prior knowledge to group plants and review deciduous and evergreen trees, while in Music they began composing their own pieces in groups.

Groundbreakers

Year 5 have been completing their First of the Month writing this week. We continued the story of Macbeth from our Write Stuff learning chunk lessons, with some children rewriting and changing the ending completely! In Maths we created continuous line portraits and in Science we experimented with parachutes.

Trailblazers

Year 6 have started focus book in English 'Rose Blanche' we have had very thoughtful and reflective discussions around World War 2. We have continued working hard on our Maths focusing on developing our understanding of multi-step word problems breaking them down into manageable chunks.

Thought for the week

Do nothing out of selfish ambition or vain conceit. Rather, in humility value others above yourselves, not looking to your own interests but each of you to the interests of the others.
Phillipians 2: 3-4

This week's Bible verse reminds us to think about other people, not just ourselves. Sometimes it can be tempting to want to be first, to get the best thing, to have our own way, or to make sure people notice what we have done. But Jesus teaches us a different way.

Being humble means recognising that everyone is important. It means noticing when somebody needs help, including someone who might be left out, listening to other people's ideas and sometimes putting what somebody else needs before what we want.

Imagine if everyone in our school tried to do just one thing for somebody else each day without expecting anything in return. It might be helping someone with their work, inviting somebody to join a game, holding a door open, sharing, or simply asking, "Are you okay?"

Small acts of kindness can make a huge difference. When we look out for one another, we help everyone around us to grow and flourish.

This week, our challenge is: What can I do to put someone else first?

Something to pray

Dear God,

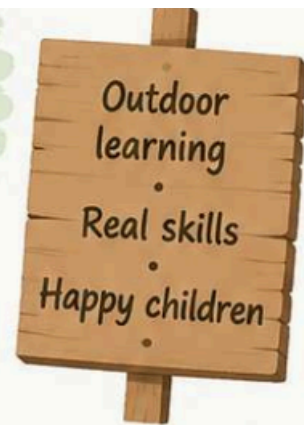

Thank you for reminding us that every person is special and important.
Help us to be humble and kind,
to notice when others need our help,
to listen to one another,
and to think about the needs of others as well as our own.
Give us opportunities this week to put others first,
and help our words and actions make our school a place where everyone feels valued,
cared for and able to flourish.

Amen.

Forest School

What to wear – Autumn Term

Forest School is an amazing opportunity for children to explore, learn and be active outdoors. To keep them safe, comfortable and able to fully enjoy their time in nature, please make sure they are dressed appropriately for the weather and the environment.

Essential kit for the autumn term

Wellies and socks

Wellies keep feet dry and safe. Please send your child with warm, comfortable socks to wear with their wellies (not trainers or thin socks).

Waterproof trousers

Keep legs dry and comfortable, whatever the weather.

Waterproof jacket with a hood

Keeps your child dry and warm, and provides protection in wet and windy conditions.

In colder weather...

Woolly hat

Gloves

Thick wellie socks

Multiple thin layers underneath the waterproof jacket

Layers work best – they keep your child warm and comfortable and can be adjusted as the temperature changes.

Please note: school coats are not suitable for Forest School.

They are not waterproof, are not designed for rough outdoor play and can become heavy, wet and uncomfortable. They also do not provide the right protection for outdoor learning activities.

The right clothing makes all the difference

When your child is dressed for the weather, they can:

- stay warm, dry and comfortable
- move, explore and take part fully
- enjoy getting muddy and dirty without worrying about it
- focus on the fun and learning, not on how they feel or look.

We want every child to enjoy Forest School – safely, comfortably and with confidence.

Thank you for helping your child come prepared so they can make the most of their Forest School sessions!

STAY and PLAY

Baby and Toddler Group

• (suitable for children up to 4) •

 Every Tuesday

1.30pm – 3pm

Come and have fun,
meet other new parents
in the local area and enjoy
a free tea or coffee
and a biscuit!
