## UPDATE FROM MRS RODENAS

It has been another action-packed week at BWI!

Our School Ambassadors have had a busy week, meeting with Father Robert and Miss McDonnell to explore their roles and responsibilities. They discussed how they can help shape life at BWI, including choosing our school charities and contributing to the development of RE and worship across the school. We look forward to seeing the positive impact they will make!

We welcomed Sam from Diamond Kickboxing, who delivered taster sessions for our classes, giving the children the opportunity to try something new and develop their skills.

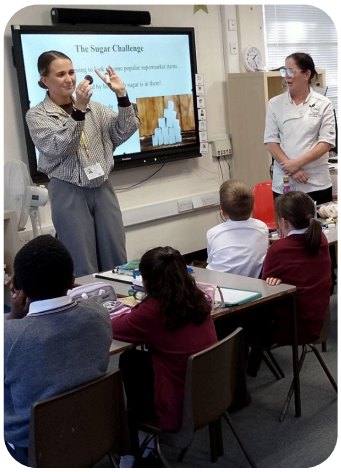

Our Nursery and Reception children also enjoyed a visit from Storm, our school dog. They learnt about how to care for her and the importance of treating animals with kindness and respect.
Science and learning beyond the classroom have been in full swing, too! Year 5 have been busy designing and making parachutes, while Year 4 welcomed our new caterers, The Orchard, to learn more about nutrition and where our food comes from.

A big thank you to all the families who joined Mrs Szurgot for our phonics workshop. The positive feedback has been wonderful to hear, and we hope you now feel more confident in understanding how we teach phonics at BWI and how best to support your children with their reading at home.

We rounded off the week with our SEND Coffee Afternoon, led by Mrs Nettleship, our Director of Inclusion. Thank you to the families who joined us. It was a valuable opportunity to share more about how we support children with additional needs across BWI and to strengthen the partnership between home and school.

As always, thank you for being such an important part of our school community.

Have a lovely weekend, Mrs Rodenas

The Orchard Catering teaching us about nutrition

Learning about jobs in Nursery!

# How our cup has overflowed this week!

## Nursery

We have been learning about Frank Bailey, Britain's first Black firefighter, as part of Black History Month. We talked about how everyone deserves to be treated fairly and that we can all achieve great things. We also had a very special visit from Storm, the therapy dog! The children loved meeting Storm and learning about how we care for our pets.

## Adventurers

TThis week in reception, we have been exploring all things pumpkin. We started the week by painting our own pumpkins and then we were able to explore real pumpkins and paint patterns onto them.

## Discoverers

This week, we began learning about 'Bold Women in Black History' and we focussed on the Olympic runner Florence Joyner. In science, we investigated how we touch and how we smell and in maths we have concluded our unit on place value.

## Explorers

Explorers have started their new English topic on non-chronological reports and we have been studying tigers and jaguars. The children have enjoyed learning lots of facts about big cats. In geography this week we have been looking at differences between weather and climate.

## Investigators

We have been using persuasive language to encourage tourists to visit Skara Brae and thinking of which punctuation to use. In Maths we have been comparing and ordering numbers to 1000. In History, as part of Black History Month, we have been learning about the life of Walter Tull, and his career as a footballer and in the army during WW1.

## Pathfinders

It's been a busy week in Pathfinders! The children learnt about nutrition and where our food comes from during a visit from The Orchard catering team. In Science, they collected leaves and sorted them using a classification key. They also enjoyed a kickboxing taster session this afternoon!

## Groundbreakers

Year 5 have written up their Macbeth First of the Month work this week. In Art we created some amazing personality portraits and we took part in a kickboxing workshop. We also kickstarted our ROAR competition, keep a look out for more details on our class Dojo story.

## Trailblazers

We have been building their confidence by looking at different SATs reasoning questions and developing their own creative ones. We have continued looking at various life milestones in RE understanding how these all play a part in our journey through life both from a Christian perspective and from various different beliefs and practices.

# Thought for the week

The heavens declare the glory of God; the skies proclaim the work of his hands. *Psalm 19: 1*

Have you ever stopped to look up at the sky? Perhaps you have seen a beautiful sunrise on your way to school, watched the clouds making different shapes or noticed the stars shining brightly at night. Sometimes we are so busy with our everyday lives that we forget to stop and appreciate the wonderful world around us.

This Bible verse reminds us that God's greatness can be seen everywhere in creation. From the tallest trees to the smallest flowers, from the changing seasons to the birds singing in the morning, the natural world is full of reminders of God's love and creativity.

As we move further into autumn, we can see the leaves changing colour and feel the cooler air around us. These changes remind us that God's world is constantly growing and changing, just as we are.

This week, let's challenge ourselves to slow down and notice the beauty around us. We can also think about how we can care for God's wonderful creation, showing our gratitude by looking after the world and everything in it.

*What wonderful things can you see in God's creation this week, and what small action could you take to help protect them?*

**Something to pray**

Dear God,
Thank you for the beauty of your wonderful world.
Thank you for the bright skies, the shining stars, the colourful trees and all the amazing things you have created.
May we always be thankful for the world you have given us and never take its wonders for granted.

Amen.

# Forest School
## What to wear – Autumn Term

Forest School is an amazing opportunity for children to explore, learn and be active outdoors. To keep them safe, comfortable and able to fully enjoy their time in nature, please make sure they are dressed appropriately for the weather and the environment.

## Essential kit for the autumn term

### Wellies and socks

Wellies keep feet dry and safe. Please send your child with warm, comfortable socks to wear with their wellies (not trainers or thin socks).

### Waterproof trousers

Keep legs dry and comfortable, whatever the weather.

### Waterproof jacket with a hood

Keeps your child dry and warm, and provides protection in wet and windy conditions.

## In colder weather...

Woolly hat

Gloves

Thick wellie socks

Multiple thin layers underneath the waterproof jacket

Layers work best – they keep your child warm and comfortable and can be adjusted as the temperature changes.

## Please note: school coats are not suitable for Forest School.

They are not waterproof, are not designed for rough outdoor play and can become heavy, wet and uncomfortable. They also do not provide the right protection for outdoor learning activities.

## The right clothing makes all the difference

When your child is dressed for the weather, they can:

- stay warm, dry and comfortable
- move, explore and take part fully
- enjoy getting muddy and dirty without worrying about it
- focus on the fun and learning, not on how they feel or look.

We want every child to enjoy Forest School – safely, comfortably and with confidence.

Thank you for helping your child come prepared so they can make the most of their Forest School sessions!
