AUTUMN TERM
WEEK 9

UPDATE FROM MRS RODENAS

his week has been a time of reflection as we have marked Remembrance across the school.

On Tuesday, we gathered at St Martin's for our Remembrance Service. Our Head Boy, Head Girl, School Ambassadors and Year 5 children all played an important part, reading parts, sharing prayers and leading the service beautifully. We were delighted to be joined by Cllr Peter Smallwood and parents wearing their uniforms to represent their different sections.

On Wednesday 11th November at 11am, the whole school, including our Nursery children, came together to observe the two-minute silence and remember all those who have sacrificed so much for our freedom.

I would also like to say a huge thank you to our wonderful PA for organising our annual fireworks display. Thanks to the generosity and support of our families and local community, an incredible £4,300 was raised for our children and school! It was such a fantastic evening, and everyone enjoyed the BBQ, rides and, of course, the spectacular fireworks finale.

A big thank you to all the families who have donated toys for the St Martin's Christmas Fair. I know many of you will be popping along tomorrow, and we look forward to seeing you there. Please see further details at the end of this newsletter.

Looking ahead to next week, we will be recognising Anti-Bullying Week, with a focus on kindness, respect and celebrating what makes each of us unique. As part of this, we are inviting all children to wear odd socks on Monday 16th November to celebrate our differences and remind us that everyone deserves to feel valued, included and safe.

Have a lovely weekend!

Mrs Rodenas

How our cup has overflowed this week!

Nursery

This week in Nursery, we have enjoyed making delicious poppy biscuits as part of our Remembrance Day activities. We have been developing our fine motor skills by using tweezers to pick up different objects, helping to strengthen our little fingers and improve our hand-eye coordination.

Adventurers

This week in Reception, we have been exploring Remembrance Day by learning about the importance of remembering those who have served and sacrificed. We created our own beautiful painted poppies and worked together to make a poppy wreath, which we proudly took to the church for our Remembrance Day service.

Discoverers

This week in our writing lessons we focussed on using capital letters and exclamation marks. In maths we are learning to add and write number sentences. In RE we discussed the qualities that Mary and Joseph needed to be chosen by God and in Science we went on a materials hunt around the classroom.

Explorers

In maths we have been using a range of different methods for addition and subtraction to consolidate our learning and build confidence in choosing the most appropriate strategy to solve calculations. In history we have been learning about the Wright brothers and how they made history by successfully developing and flying the world's first powered aeroplane.

Investigators

This week in English, we have been writing sentences about the devastation the flood left behind and rebuilding the family home. In Maths we have been subtracting 1s across a 10 and 10s across 100. In Science we have been looking at different food groups and in RE we have been discussing what Jesus means when he says, "I am the bread of life."

Pathfinders

This week, we developed our basketball skills and began exploring the Ancient Islamic Civilisation in History. In Art, we explored line quality and precision through calligraphy, and we wrote thoughtful prayers to mark Remembrance Day.

Groundbreakers

This week we have been working hard to finalise our ROAR projects ready for our final on the 11th November. The children blew me away with their confidence, presentation skills and enthusiasm. We have begun our Science topic about Space, our RE topic about "How do art and music convey the meaning of Christmas?" and our Geography topic about the Alps.

Trailblazers

Year 6 have been learning about the census and how in Victorian factories children at the time were working in dangerous factories. We have continued developing our confidence in fractions understanding the different rules for multiplying, adding and subtracting fractions.

Thought for the week

> They will beat their swords into ploughshares and their spears into pruning hooks. Nation will not take up sword against nation, nor will they train for war anymore.
> *Isaiah 2:4*

What does peace mean to you? Perhaps it is a quiet moment when everything feels calm, a time when nobody is arguing, or the feeling of being safe and happy with the people around you.

In the Bible, Isaiah shares a wonderful vision of a world where people no longer fight or hurt one another. Instead of using their strength to cause harm, they use it to help others and make the world a better place.

Peace is not just about the absence of fighting. It is about showing kindness, understanding others, forgiving mistakes and finding ways to solve disagreements without hurting anyone.

As we remember those who have given their lives for peace, we can also think about how we can become peacemakers in our own lives. We might not be able to stop wars around the world, but we can make a difference in our classrooms, playgrounds, homes and communities.

This week, let's challenge ourselves to be peacemakers. Can you help someone who feels left out, use kind words when you disagree or offer forgiveness when someone makes a mistake? Even the smallest act of kindness can help peace to grow.

Something to pray

Dear God,
Thank you for teaching us the importance of peace.
Help us to be peacemakers in our school, our homes and our communities.
We pray for those around the world who are living through war and conflict.
May they find safety, hope and peace.
Help us to remember that even our smallest actions can make a big difference and that, together, we can help create a more peaceful world.
Amen.
