Our Vision - 'My Cup Overflows' Psalm 23:5

A community that gives each child an outstanding spiritual, academic and practical education and instils an awareness of the overflowing joy, love and peace that comes from God's love for us, so that they are able to achieve their potential and truly experience 'life in all its fulness.'

John 10:10

Update from Mrs Rodenas

It has been another busy, exciting week here at BWI with a visit from 'The Dogs Trust,' Forest School for Years 2,4 and 6 and a trip to Gunnersbury Park for Year 3. The children have greatly enjoyed learning about how we can safely interact with dogs in our assembly and workshops this week.

I would like to say a huge thank you to the Parents Association for hosting the new parents coffee morning and thank you to those who attended. It was lovely to meet so many of you, learn more about your wonderful children and pick up some pre-loved uniform.

Well done to our Year 6 boys who tried so hard in their cup match. They have different aspects to work on in training and had fantastic support through out the match. Thank you needs to go to Ms Lane for providing us with new goals to practise with in the playground.

At this time of Harvest, we are grateful to our families that have provided donations for Hillingdon Food Bank, so far. We are continuing collections next week and we will then donate the food to those families most in need in our borough.

Finally, it was fantastic to have Mrs Blake presenting the badges to our New Head Boy and Head Girl, Pablo and Sophia and to the Deputy Head Boy and Girl, Kynan and Karina.

Wishing you all a very happy weekend.

God Bless

Mrs Rodenas

Dates for the diary

- **7th October:** Open Afternoon- Postponed
- **23rd-27th October:** Half Term
- **30th-31st October:** Parent's Evening
- **5th November:** Fireworks Night
- **24th November:** Non – uniform Day – Donations for Christmas Fair

Nursery

In Nursery this week we have been exploring Autumn. We went on a lovely nature walk and found lots of Autumn treasure! We then used some of the items we found to create our own pieces of art work and made our faces.

We've also been using our bodies to make sounds and patterns.

Adventurers

This week we had fun in our RE lesson looking at our uniqueness. We looked at pictures of when we were babies and had to guess who was who! In English we have focussed on 'The Gruffalo' and have been thinking about how we describe each of the characters. In Maths we loved pretending to be scales!

Discoverers

This week we have been describing some of Traction Man's outfits and designing our own! We have also been playing an instructional drawing game where we have had to use our listening skills to create a picture. In Maths we have been ordering numbers.

Explorers

The Explorers enjoyed their first session of forest school this week, as well as a visit from the dogs trust. In English we have been writing diary entries as Paddington and in Maths we have assessed our knowledge of place value.

Investigators

In Investigators this week, we have been finding out about the human skeleton, and learning how to throw and catch a rugby ball. We also enjoyed our adventure to Gunnersbury Park where we pretended we were prehistoric hunters!

Pathfinders

Year 4 have been enjoying settling back into a more normal routine now that swimming lessons are finished; we have been rounding numbers (of all sizes!), writing fronted adverbials and getting to know the world map.

Groundbreakers

Year 5 have been working on using formal methods for addition and subtraction in maths. In our RE lessons, they have continued to learn about the miracles and this week they wrote a newspaper article on 'the healing of a paralysed man.'

Trailblazers

This week we have been investigating what affects our heart rate. We have also been looking at short division in maths.

Thought for the week

☪ *He said therefore, 'What is the kingdom of God like? And to what should I compare it? It is like a mustard seed that someone took and sowed in the garden; it grew and became a tree, and the birds of the air made nests in its branches.'* And again he said, 'To what should I compare the kingdom of God? It is like yeast that a woman took and mixed in with three measures of flour until all of it was leavened.' - Luke 13:18-21. ☪

Something to think about

Mustard seeds are pretty small. Yeast is tiny.

A mustard seed seems so insignificant but can become a nine-foot high, mustard plant. Yeast seems so insignificant but think about how important it is as you eat your sandwiches.

Jesus didn't come as a mighty warrior with a mass army. He came as a baby, born into a poor rural community.

Jesus didn't build huge buildings and establish mass marketing plans.

He left the vital good news message in the hands of a few terrified disciples, many of whom had dubious backgrounds.

The kingdom is like mustard seeds and yeast. God is often at work in what the world sees as unimportant and the insignificant. However, God's kingdom is expanding and growing all around us. It just depends what kind of lens we are looking through.

It is easy to feel small and insignificant. But then just remember this parable and remember that you have a role to play for the king and the kingdom.

HILLINGDON STARS EYFS/KS1 ACTIVE TRAVEL ART COMPETITION

October is International Walk To School Month and the Hillingdon STaRS Team invites you to take part in our exciting art competition as part of our Active Travel Movement Campaign!

We want you to draw a picture of you travelling **ACTIVELY** to school.

You could walk, run, scoot, cycle, skip even dance your way there ... but you have to always travel safely. Think about how you could show this in your drawing.

What do you see on your journey to school?

What can you hear?

Do you need to be wearing a helmet?

Can you be seen by drivers?

Are you crossing the road safely?

Winners will have their artwork digitally recreated, framed and will receive an Amazon gift card too!

Please complete your drawing on plain paper (or use our handy template) and remember to use bright colours to enhance your design. Don't forget to write your **School, full name, class, year group and age** at the top of your design (not on the back!) Hand your entry in at school by **31st October 2023** - Good Luck!

HILLINGDON STARS KS2/3 INVENTION COMPETITION

October is International Walk To School Month and the Hillingdon STaRS Team invites you to take part in our exciting road safety invention competition as part of our Active Travel Movement Campaign!

We already have many ways to make our roads safer such as zebra crossings, traffic lights and cat's eyes, but we want you to come up with a new and innovative idea for how to help make our roads even safer!

We would like you to design and explain your road safety invention and why/how it would make our roads safer. You can either draw on paper, create on the computer or even make a 3D model! Just make sure it's your design and don't use images online!

Please make sure to take a photograph of your entry before you send it into school!

Winners will have their design digitally recreated, framed and will receive an Amazon gift card too!

Please complete your design on plain paper (or use our handy template) and remember to use bright colours to enhance your design. Don't forget to write your **School, full name, class, year group and age** at the top of your design (not on the back!) Hand your entry in at school by **31st October 2023** - Good Luck!
